

CS4593 Assignment

In this course project, you are required to gather and read materials, and read a report about continuous integrations, features of Jenkins, and deployment of Jenkins to a cloud.

Deliverables

A report of 2 pages, single column, 12 pt, single space.

Evaluation Criterion

The course project accounts for 7.5 points in total, and the points are distributed to:

- Continuous Integration (2.5 points)
- Jenkins Features (2.5 points)
- Jenkins Deployment on Cloud (2.5 points)

Due Date

The due date for submission of the report is Nov. 15th (23:59).
